

JERSEY SPORT TERM AND CONDITIONS OF AWARD RECOVER AND REINVENT 2021

The COVID-19 Recover and Reinvent Grants are funded by the Government of Jersey following the re-purposing of underspends of the 2020 and 2021 Travel Grant Funds. The Fund is therefore a one-off grant.

Please read through carefully so you are fully aware of your organisation's responsibilities. This document should be retained for future reference and the contents shared with the team at your organisation who are responsible for funding and finance, and specifically for the management of activity supported by the grant. You need to confirm you are happy to comply with the Terms and Conditions at the point of application.

Purpose of the grant

The COVID-19 Recover and Reinvent grant aims to support Jersey sporting organisations, whose operations and activities have been adversely impacted by the impact of COVID-19.

The intention of this grant is not to replace or supplement 'non-essential' income which has been lost due to the restrictions caused by COVID-19. It is intended to support sporting organisations which have lost vital income that is essential to ensure they are able to meet their ongoing obligations and exist as an organisation, for example, those facing a loss of income as a result of non-payment of membership fees by members who are not able to undertake their sport, where the income does not cover the associated essential expenditure of the organisation.

The grant also seeks to support sporting organisations to reinvent delivery of their sport, drive new engagement with participants and/or help the club become more sustainable in light of the impact COVID has had on sport.

The grant is provided on a restricted basis and must be used **exclusively for the purpose specified in this Agreement**. All grants are made on the strict understanding that the application discloses all material information relevant to the board's decision, and that if such information changes significantly at any time after the application is submitted Jersey Sport is immediately notified at: grants@jerseysport.je. Submission of the application form is considered as acceptance of this requirement and of the wider terms and conditions contained within this document.

Allocation of the grant

The grant is to be allocated to sporting organisations that are **not-for-profit only**. Sports businesses are to be supported through other Government schemes.

The grant is to be allocated to sports which have incurred (or are incurring) significant costs as a direct result of COVID-19e.g. (this list is not exhaustive)

- Fixed rents with no activity (unused facilities where associated income is significantly lower than previous years);
- Fixed rents where there has been limited or reduced activity (where associated income does not cover the costs);
- Ground and/or facility maintenance (where associated income does not cover the costs);
- Utility bills; and
- Other costs which meet the purpose and principles of the grant fund.
- Engaging old members to return to sport
- Using online marketing, booking, or other digital adaptations due to the impact of COVID-19.
- Engaging new participants where membership has been lost.

Grants will be issued to sports by priority and those facing severe financial difficulties which may result in an imminent complete collapse of the organisation receiving funding as the highest priority.

In applying for the grant, sports should demonstrate they are sustainable in nature and should not be in a better financial position than in previous years as a result of receiving the grant, except where this is a positive consequence in the future if adaptations are successful. Sports should not apply to the grant to support any costs which have been supplemented/ supported by any other Government support scheme, e.g. Government Co-Funded Payroll Scheme.

Grants should be demonstrable in need and directly relate to the impact caused by the requirements and restrictions of COVID-19 during 2021. Organisations can therefore request a specific grant amount, however this does not guarantee the amount to be allocated by Jersey Sport and the final amount allocated, if any, will be determined upon assessment of the Grants Advisory Committee. Submission of a grant application form does not guarantee the sport will receive any funding under the grants scheme.

The financial difficulties faced by an organisation must relate to those encountered in 2021 due to the restrictions imposed by COVID-19 and not as a result of accumulated financial difficulties from prior years. The grant must therefore only be used for the purposes as detailed in the organisation's application form.

Sporting organisations can submit a requested amount under the grant scheme. The amount to be allocated by Jersey Sport will be at the discretion of Jersey Sport and will be determined based on the supporting information submitted as part of the application.

The grant will be paid on a **one-off basis**. Following acceptance and allocation of the grant amount by Jersey Sport, payments will only be made following the presentation of a **2021 Jersey Sport COVID Recovery Fund Claim Form** containing the **Grant Assurance Statements**.

Jersey Sport will conduct **spot checks**, at its discretion, and reserves the right to **audit** the organisation with regards to the COVID recovery grant and the information provided as part of the grant process. Where required, any additional supporting information submitted as part of the request must be retained by the organisation for up to 12 months from the date the grant is received. When requested, organisations will have a maximum of 6 weeks to present relevant information.

Jersey Sport reserves the right to cancel a grant, require repayment and/or exclude the applicant from access to future grants if requested information is not presented within the related timeframes or we find that any material information provided on the application form, claim form, during spot checks or audits was misleading, inaccurate or fraudulent.

Claims may be made any time before the submission deadline(s) and either:

1. after any associated costs have been paid directly by the organisation and appropriate evidence of payment has been submitted to Jersey Sport; or
2. where the organisation does not have sufficient reserves to settle an expense, based on sufficient evidence which has been submitted to Jersey Sport, at its discretion, payments may be made by Jersey Sport to the organisation prior to arranging settlement.
3. Where the organisation has demonstrated a planned spend to recover and reinvent due to the impact of COVID-19 in 2021.

Failure to meet **the claim submission deadline(s)** will result in the claim being rejected.

Confirmation of expenditure of the grant by the organisation may be required at the request of Jersey Sport, for up to 12 months from the grant being issued. This is to help Jersey Sport ensure the grant has been used for its originally requested purpose by the sporting organisation, to manage cash flow, and identify underspends.

The grant is provided on the basis that the costs it is meeting have not and will not be secured from other **sources, including any insurance coverage, donations or additional sponsorship received by the organisation directly in relation to COVID-19**. If all or part of the funding is sourced elsewhere, unless this has been stated on the application form, you must at once disclose it to Jersey Sport and in that case the grant amount may be reduced to a lesser amount, or to zero.

If your organisation is unable to use the grant for the **purposes and within the timescales** specified in this document, Jersey Sport must be informed immediately. If you want any changes to be considered and approved, please email; grants@jerseysport.je.

The agreement or rejection of any **changes to the grant purpose** will only be valid once confirmed in writing by Jersey Sport. Any changes to the programme being funded should not be implemented until this has been received.

Any **changes to the total grant allocation** will only be valid once confirmed in writing by Jersey Sport, usually by email.

Grants will only be issued to the sporting organisation which submitted the grant application form and may only be applied to the settlement of the expenses as detailed in the grant application form. The organisation is not permitted to disseminate any grant funds to member/ affiliated clubs and organisations.

If your organisation **ceases to exist, becomes insolvent, goes into administration, receivership or liquidation** you should contact Jersey Sport at the earliest opportunity. If the grant or any part of it has not already been spent on the purpose specified, it must be returned to Jersey Sport.

If within the lifetime of the grant your **organisation undergoes a merger**, consideration will be given, on receipt of a written request, to the grant being transferred, subject to the merged organisation being eligible to receive funding, but this is at the sole discretion of the Jersey Sport Board.

Jersey Sport reserve the right to **visit your organisation to see and discuss** the work supported by the grant. Jersey Sport also retain the right to require your organisation's attendance at a **sports partnership meeting** at a mutually agreed date, time, and venue.

Any additional or special conditions notified to your organisation **in writing** by Jersey Sport also form part of the grant Terms and Conditions under which the grant is paid.
